# TABLE OF CONTENTS

See Video 1 at [EbookPublishingSchool.com](http://EbookPublishingSchool.com) for tutorial on how to insert a clickable Table of Contents.

**Note:** For fiction books, it's acceptable to put the TOC at the end of the book, but it's generally not a good idea to do so for a nonfiction book because some nonfiction readers will want to browse your Table of Contents using the "Look Inside" feature on Amazon's website, and they won't be able to do that if you put the TOC at the end of the book.

## ONE LAST THING... (HEADING 2 TO AVOID BEING INDEXED IN THE TABLE OF CONTENTS)

If you enjoyed this book or found it useful I'd be very grateful if you'd post a short review on Amazon. Your support really does make a difference and I read all the reviews personally so I can get your feedback and make this book even better.

If you'd like to leave a review then all you need to do is click the review link on this book's page on Amazon here: <http://amzn.to/WL8VA4> (direct link to the "Create a review" page on Amazon for your book – you can't get the link until you upload your book first. Then, when your book is live, go get the link, insert it, and re-upload your book.)

**Note:** You don't have to include a link direct to the "create a review" page now because Amazon now automatically asks readers to review your book when they click to the next page at the end of your book. But you should definitely write a personal note to your readers here and ask them to review it!

Thanks again for your support!
